

Indiana Association of Local Boards of Health

Indiana Model Smokefree Air Ordinance

The Indiana Model Smokefree Air Ordinance is currently **being updated** to reflect changes in thinking about smokefree air laws and what best protects all people. As soon as the model ordinance is adopted, the Indiana Association of Local Boards of Health (InALBOH) will send out the updated version and post it on their website.

If you are in the process of drafting a smokefree air ordinance for your city or county and have questions about what language will protect the most people in your community, please contact the Indiana Tobacco Prevention and Cessation Agency (ITPC) at **317-234-1787**.

Thank you.
